

Project Name: Canal Corporation Term Agreement
Project Type: Surveying
Location: Champlain Canal, New York
Contract Fee: \$45,000
Completion Date: 2009-2011

Project Highlights

- On-call surveying contract for the NYS Thruway Authority/Canal Corporation
- Surveying services provided along the Champlain Canal
- Property line surveying and mapping

Project Description:

This is a three-year term agreement with the New York State Thruway Authority/Canal Corporation to provide professional land surveying services in the Champlain Canal area on an as-needed basis. The vast majority of work is residential property line surveying and mapping required prior to the sale of Canal lands. The land parcels are generally small in size and located in rural areas. The term agreement is for the performance of boundary line surveying services not connected with an engineering project.

CME Role:

Creighton Manning Engineering, as prime consultant, provides all field work, research, surveying and mapping for all tasks assigned on the Term Agreement.

Client: NYS Thruway Authority
Engineering Division
200 Southern Boulevard
Albany, NY 12209
